RE: WC Docket No. 06-63

Dear Mr. Simone:

We have received your letter on behalf of AT&T, dated April 20, 2007, requesting an extension of a one-year Special Temporary Authorization (STA) from enforcement of Section 272 of the Communications Act of 1934, as amended,¹ and its implementing rules previously granted by the FCC's Wireline Competition Bureau in *Petition of AT&T, Inc. for Special Temporary Authority and Waiver to Support Disaster Planning and Response*, Order, WC Docket No. 06-63, 21, FCC Rcd 4306 (Wireline Competition Bureau, 2006) ("*AT&T Order*"). As you note, this STA allowed AT&T to share non-public Bell Operating Company information with its section 272 and other affiliates to engage in disaster planning. The STA was due to expire on April 20, 2007. We orally granted a one-week extension of the STA on April 20, 2007.

This is to confirm that the extension of the STA **IS GRANTED** for one week, effective April 20, 2007 to April 27, 2007, subject to the terms and conditions set forth in *AT&T Order*. This action is taken pursuant to Sections 0.191 and 0.392 of the Commission's rules, 47 C.F.R. §§ 0.191 and 0.392.

Sincerely,

Derek Poarch
Chief, Public Safety & Homeland Security Bureau
